

# IGU Research Bodies 2000-2004: Connectedness and Reach

## Commission Reach

- International Governmental Organizations
- International Scientific Organizations
- Regional Scientific Organizations
- Other Associations

(Details on the identities of these organizations is available at [www.igu-net.org](http://www.igu-net.org))

## Commission Connectedness

— linkages

- Karst
- Climatology
- Periglacial
- Biogeography
- Applied

### Please Note:

The location of an IGU commission is based on its connectedness with other commissions. Less connected commissions tend to gravitate towards the periphery.
